- “Exchange Rate Pass-Through to Domestic Prices”, *Economic Letters 08/EL/17*, Central Bank of Ireland.
- “Exploring recent drivers of personal consumption expenditure”, *Central Bank of Ireland Quarterly Bulletin*, Box C, QB2 2017.
- “Estimating the Fiscal Multiplier using Propensity Score Matching Techniques”, *TRISS Economics Research Papers*, 2014, Trinity College Dublin.

PROFESSIONAL EXPERIENCE

Economist/Financial Stability Expert

Mar 2023 – Present

European Central Bank, Frankfurt

- Central role in the production of quarterly financial stability risk assessments for the EU. These are presented to the ESRB General Board, chaired by President Lagarde.
- Contribute research on timely risk topics.

Senior Economist/Economist

Jan 2021 – Present (On secondment)

Central Bank of Ireland

- **Incoming Role (Feb 2026):** Macroeconomic Forecasting Team (Irish Economic Analysis Division).
- **Previous Role:** Led the development of the Central Bank's macroprudential stress testing model, integrating macroeconomic scenarios with bank-level outcomes (Macro-Financial Division).
- Contributed to the ECB workstream on macroprudential stress testing.

Manager, Risk Analytics

Oct 2018 – Jan 2021

Allied Irish Banks

- Managed a team of analysts responsible for the development of Corporate IRB PD and AIB Group capital models.

Economist

May 2017 – Oct 2018

Central Bank of Ireland

- Contributed to macroeconomic forecasting and projection exercises; undertook empirical work on small open economy topics (exchange rate pass-through, consumption dynamics).
- Represented the Central Bank on the ECB Working Group on Econometric Modelling (WGEM).

Associate Economist

June 2016 – May 2017

Irish Economic Analysis and Banking Supervision, Central Bank of Ireland

- Provided research support for macroeconomic forecasting and policy analysis, including data preparation, econometric estimation and contributions to Central Bank publications.

Bank Officer

Oct 2015 – June 2016

Banking Supervision (Analysis Division), Central Bank of Ireland

- Conducted IRB model investigations for several systemically important Irish banks, assessing model robustness and regulatory compliance for the SSM.

Full-time Research and Teaching Assistant

Sep 2014 – Oct 2015

Trinity College Dublin

- Assisted Prof. Philip Lane with research on macroeconomics and international finance.
- Delivered mathematics and statistics tutorials to undergraduate students.

TECHNICAL SKILLS

Methods: Time-series methods, natural language processing, structural modelling.

Software: MATLAB, R, Python, EViews, SQL, LaTeX.
